

Serial No. **10/567,604**

Docket No. **HI-0266**

Amdt. dated January 4, 2010

Reply to Office Action of September 1, 2009

**Amendments to the Specification:**

**Please add the section heading “BACKGROUND OF THE INVENTION” on page 1 after the title.**

**Please amend the section heading “Technical Field” on page 1 to read “Field of the Invention”.**

**Please amend the section heading “Background Art” on page 1 to read “Description of Related Art”.**

**Please replace paragraph [3] with the following amended paragraph:**

**[3]** A microwave oven is a ~~cooling~~ cooking appliance in which a magnetron converts electrical energy into microwave and applies the microwave to food or other objects to be heated. The microwave oven is usually placed on a piece of kitchen furniture to use it at the kitchen. Also, a microwave oven combined with a hood may be placed above a gas range to cook the food and exhaust smoke or fumes.

**Please replace paragraphs [10] with the following amended paragraphs:**

**[10]** The operation of the dial knob assembly will ~~not~~ now be described briefly.
